

Welcome to Queercon 16

This badge is made possible by individual donations for pre-reservation.

HELP! MY BADGE IS BROKEN!

Defective out of the box?

Replace it immediately! Return to the Queercon Swag Shop and we'll replace it if we can (while supplies last).

Try to fix it yourself!

Both the Queercon hardware space and DEF CON HHV have parts and build guides.

Be careful not to lift pads or damage traces.

Ask someone for help!

DEF CON and Queercon have lots of helpful hardware hackers. Please be respectful to anyone you're asking for help. We're all in this together.

Follow @QueerconBadge on Twitter!

We'll answer DMs, and post badge repair hours and locations.

MY BATTERIES ARE DEAD!

If your original batteries die, bring them to the Queercon Swag Shop for free replacements while supplies last.
